Ovation! 2008-2009 Concert Season

Music Underwriting Opportunities

Each musical composition you hear at a Wilmington Symphony concert must be purchased or rented. From its first concert, the Wilmington Symphony Orchestra has depended on its friends to underwrite the cost of the music performed.

With the beginning of each new season, music underwriting can provide a great gift opportunity for all friends and supporters of the Wilmington Symphony Orchestra. To give the gift of music, you—or a friend, neighbor or business associate, —may underwrite your favorite musical score, or perhaps the cost of the music for the entire concert. Music underwriting also can provide a wonderful memorial tribute.

Your name/company name can be listed on the program page beneath the music you have underwritten, along with the notation of any person you would like to recognize. In addition, you will be listed on the contributor's page throughout the season in recognition of your support.

Listed below is the music programmed for the season that is available. Just indicate your first, second or third choices, and provide the information requested. (Or, just call the WSO office at 791-9262 to make arrangements for music underwriting while they are still available.)
